

# VetraSeb™ CeraDerm™ CK Wipes

(chlorhexidine gluconate 2%, ketoconazole 1%)

VetraSeb CeraDerm CK Wipes are antiseptic cleansing wipes. They are used to treat conditions associated with bacterial and fungal skin infections responsive to chlorhexidine or ketoconazole. VetraSeb CeraDerm CK Wipes contain ingredients that moisturize and soothe the skin while gently removing dirt and debris. They also provide the necessary building blocks for restoring skin barrier integrity and support the skin's natural immune system.

For use on dogs and cats only.

Product	Item#	Size
VetraSeb CeraDerm CK Wipes	600177	30 ct
